

Chapter 00001

JOURNEY CHAPTERS

*When you are old and grey
and full of sleep,
And nodding by the fire.
Take down this book,
And slowly read,
and dream of the soft look
Your eyes had once.*

There are places I remember all my life
Though some have changed.

Some forever, not for better.
Some have gone and some remain.

All these places have their moments.
Of lovers and friends I still can recall.

Some are dead and some are living.
In my life, I loved them all

And I know I'll never lose affection.
For people and things that went before.

I know I'll often stop and think about them.

I loved them all.
