**1860 Newark NJ**

**1873 NJ - Lowered from 6 cents to 5 cents.**

### **Horse-Car Fares Reduced.**

At a meeting of the Board of Directors of the Orange and Newark Horse Railroad Company held on Saturday, it was resolved to reduce the fare on the Broad street line (red cars) from six cents, the present price, to five cents. The reduction will commence to-morrow. This timely and judicious change we understand was not the result of large returns, for the company has never yet been in a position to pay a dividend, but they hope by this action to increase their business to an extent that will yield larger returns and more satisfactory results to themselves as well as the public. The example will doubtless have a corresponding effect on the other horse-car companies.

---

Newark and South Orange NJ road rails (like a trolley but pulled by a horse).
